Das Camping "SANTAPOMATA" hat seinen Namen von der Umgebung, in der es liegt. Nur 4 km. von Castiglione della Pescaia entfernt, in einem jahrhundertalten Pinienwald, offeriert es Ihnen einen angenehmen und erholsamen Aufenthalt. Sie können von hier aus eine grosse Anzahl schöner Tagesausflüge machen, z.B; auf die kleine Inselgruppe, die vor der toskanischen Küste liegt, oder in die etruskischen Städte, und vieles mehr. Die Monate April, Mai, September und Oktober sind Monate mit sehr mildem Klima und eignen sich sehr gut für einen Aufenthalt ausserhalb der heisseren Sommermonate.

The camp "SANTAPOMATA" takes its name from the place in which it is set, in a marvellous pine-wood by the sea, four kilometres from Castiglione della Pescaia and in the hearth of Tuscany's Maremma.

Owing to its position, it offers the guests clear air and rest; moreover it is an ideal starting point for excursions to the islands of the Tuscan archipelago and to ancient Etruscan towns.

Especially in the months of April, May, September and October, its mild climate allows the campers to enjoy a really quiet holiday.
