

Wish upon the star that twinkles brightest at night

The Tiger Sky Tower will enchant you once the sky turns dark at night. Let the captivating glittering city night lights sweep you off your feet. Stare wistfully into the infinite depths of the mysterious night sky, and whisper your wishes to the twinkling stars blanketing the boundless heavens.

Back on solid ground, you will find the experience goes down well with a beer from the SKYBAR right next to the Tiger Sky Tower.

The Tiger Sky Tower gives you a 360° bird's eye view

At last, the world will be at your feet!

We have taken the Sentosa experience to whole new heights. The Tiger Sky Tower stands tall and proud at the centre of the island, offering another world-class attraction that is a must-see for visitors from far and near. Hop on and head up, we will see you at the top!

There's only one way to get real high

The Tiger Sky Tower on Sentosa. Piercing the sky at an inspiring height of 110 metres, this is one attraction that offers an experience you will never forget. The horizons expand as the air-conditioned cabin heads slowly for the top. When you get there, brace yourself for a breathtaking panoramic view of Singapore, neighbouring Malaysia and the outlying islands of Indonesia.
